WHERE CALIFORNIA WEDDINGS LIVE HAPPILY EVER AFTER

VIBIANA WEDDING BY CARLOLINE TRAN  
Posted in: [Weddings](#)

I think it's clear that I have a great big venue crush on [Vibiana](#) in downtown L.A. I also have a big wedding crush on this wedding, shot by [Caroline Tran](#). This lovely ceremony took place in the garden and the reception was in the main hall. The photography and decor really struck a perfect balance between the dazzling surroundings and the clean, classic flowers and tables. Once again, Caroline did a great job capturing the joy of this beautiful day. [See more of Caroline Tran's work here](#) and [more Vibiana here](#).
