

The image shows the interior of a grand cathedral with a high, vaulted ceiling. The architecture features Gothic-style arches and columns. The scene is dramatically lit with blue and purple light washes across the ceiling and walls, creating a surreal atmosphere. In the foreground, the dark silhouettes of church pews are visible, leading the eye towards the brightly lit altar area in the distance. The overall composition is symmetrical and emphasizes the scale and grandeur of the building.

"Fashions fade, Style is eternal." -Yves Saint Laurent
 Fashion Week has descended upon LA with runway shows at the gorgeous Vibiana downtown. This season's emerging, progressive, and established men's and women's collections are being exhibited, with interior design elements showcased by Fendi Casa along with Rivveworks.

Vibiana is a former Cathedral, built 130 years ago. It's baroque-inspired and luxurious, the setting for many a Hollywood bash – perfect for Style Fashion Week!

Los Angeles Based Designer Alicia Estrada or Stop Staring! will be showcasing vintage and rockabilly inspired designs.
