## VENUE SPOTLIGHT {CLASSIC LOS ANGELES VENUE}

Posted by Katherine on January 16, 2012

Since Orange County is a mere 30 minutes away from Los Angeles, we love exploring the wonderful venues it has to offer. When it comes to LA, we think of classic weddings with pops of modern elements, and this may just be the perfect venue to accommodate a wedding with such style.

The Vibiana is a stunning 130 year old building in the heart of LA. With its recently restored elements, it has the perfect combination of history & elegance. Vibiana's interior venue has some of the most impressive architectural elements that may be the perfect background for your big day.

*"130 years of rich Los Angeles history, 35,000 square feet of luxurious space, Baroque inspired interiors, an expansive lush garden, all set in the heart of downtown." - The Vibiana*
