

Wedding Inspiration: Peacock Inspired Styled Shoot at Vibiana

Inspired by the breathtaking Teal Glam Damask linen by Luxe Linen, Modern LA Weddings and Lotus & Lily created a one-of-a-kind tablescape for this year's Luxe Launch party. The design boasts a bold 14-foot peacock centerpiece combining flower petals and white feathers flanked with impressive mirrored screens standing as the table's backdrop. "The palm tree like pattern reminded us of 1930's Indochina and the turquoise color reminded us of a peacock," says Nam Lam of Modern LA Weddings. Light floral elements work perfectly with the stunning metallic decor, including Gold Metal Venice Benches from Revelry Event Design. Both silver and gold compliment each other in the lovely place settings that highlight Custard Va Va Voom napkins from Luxe Linen accessorized with a vibrant peacock feather. Chopsticks, vibrant floral china and custom placecards completed this unique and refreshing design.
