

You guys! This bohemian-chic styled shoot spearheaded by the incredible **YELLOW BIRD EVENTS** is one for the books. From the lush greens to the rich red floral crown by **ENCHANTED GARDEN FLORAL DESIGN**, to the pristine white canvas of **VIBIANA**, this ethereal paradise has us in total heart-eyes mode. The tablescapes from **DISH WISH GIRL** and eclectic rentals from **FOUND VINTAGE RENTALS** are super inspiring and we can not get enough of the incredible, branch structure highlighting the gorg cake by **BOTTEGA LOUIE**. Calligraphy by **CALLIGRAPHY NERD** and invitations by **PRIM & PIXIE** add a timeless touch to the whole look. And, of course, **MCCUNE PHOTOGRAPHY** captured it all in these stunning images. Enjoy!
