VIBIANA Downtown

The city's first Catholic Archdiocese cathedral, Vibiana, is a stunning venue located in the middle of historic Downtown Los Angeles, now owned and operated by LA restaurateurs Neal Fraser, Amy Knoll Fraser and their partners. Standing capacity is 789 and seated receptions can accommodate 550. Food and beverage is included and comes courtesy of chef Neal Fraser, who also recently opened the acclaimed Redbird restaurant next door. The venue is a full-service event facility with lighting and sound systems and an extensive dining and libations programme.

THE NOVO BY MICROSOFT Downtown

Tucked in the centre of LA LIVE and a stone's throw away from the STAPLES Center, The Novo by Microsoft is one of the most versatile event spaces in the city. The 5481-square-metre space can accommodate up to 2300 people and can be transformed into everything from a concert venue to a sit-down dinner venue fitted with private cabanas. Food is by Wolfgang Puck and VIP packages include anything you need on the LA LIVE campus, including tickets to a show, catering, bottle service and hotel accommodation.

BATTLESHIP IOWA San Pedro

There's no doubt that an event on a real battleship will go off with a bang. Battleship Iowa is the West Coast's only battleship museum, and it's also known locally as the 'Battleship of Presidents'. Iowa can accommodate up to 1500 people for a standing reception and 800 for a seated banquet with a difference. There are eight venue options, including the flight deck with its glamorous front-and-centre view of the battleship's 16-inch (406-millimetre) guns. Nothing is too much to ask when your event is on a battleship. Fireworks? Parachuting performers? Presidential impersonators? No problem.
