A GLAMOROUS BLACK TIE WEDDING THAT STARTS WITH A SEA OF CANDLES

The marble altar at [Vibiana](#) is seriously the stuff that dreams are made of. It's pure magic and we haven't even gotten to the sea of candles tucked inside this black tie celebration. It's bringing glamour and romance to downtown Los Angeles with design by [Love & Splendor](#), florals by [Kelly Oshiro](#) and the prettiest of imagery by [Erich McVey](#). See it all unfold below and don't forget to press play on the film from [By Design Films](#).
